

One Afternoon: Infinite Possibilities

Julia Robinson
Mathematics Festival

Sunday, May 17, 2015

1pm to 4pm

The Ohio Union - Great Hall

For 4th to 10th graders

Julia Robinson Mathematics Festival inspires students to explore the richness and beauty of mathematics through activities that encourage collaborative, creative problem-solving.

The festival is a celebration of great ideas and problems in mathematics. Student will explore dozens of rich math problems and activities led by our volunteers, who are lovers of mathematics from different disciplines, including mathematicians, teachers, engineers, programmers, graduate students, and more.

Register Today: www.EnrichColumbus.org/mathfestival

Cost: \$10 per student (supervising adults attend free).
